**PATTEN BARRED TITLES**

AND FORTUNE HUNTERS

Wheat King's Daughter Weds a Young Man She Has Known from Her Childhood.

Chicago, Dec. 26.—"I would not allow a daughter of mine to marry a title. I also barred all fortune hunters. Two things have worried me—the possibility of a title in my family and the inevitable pursuit of fortune hunters. I wouldn't have either, and I have guarded my daughter most closely from them."

So says James A. Patten, retired wheat king, whose daughter, Agnes, was married Christmas day to Lawrence Russell Wilder. The marriage was simple, only members of the families attending.

"Now, you may rest assured of one thing—a lovely girl will always make a good wife and a good mother. That is, if she doesn't marry some scoundrel of a man. And that's why I have guarded my daughter, who is not quite twenty. I want her to be just as fine a wife as she can be. We men can't set the standard of womanhood too high."

Miss Patten will inherit something like \$8,000,000 of her father's estate. Wilder is a college graduate and has known Miss Patten from childhood.

## ABOUT THE STATE

Happenings of Interest From Different Sections.

Patents have been granted to Vermonters as follows: Rais and wind shield for automobiles, A. K. Gilson of Quechee; electro-magnet, C. E. Scribner of Jericho.

There are several cases of smallpox at Thetford Center, and, though none of them have proved serious, school sessions and church services throughout the town have been given up for two weeks.

Dorothy Moorby, a small girl living in Vergennes, fell down a flight of stairs last week with a penknife in her hand. It struck her in the eye and may result in the loss of sight. She was taken to the Burlington hospital.

Theodore Young, aged 40 years, employed on a farm in Berkshire, fell through two pitching holes into the basement of the barn, a distance of 10 feet. He is in a critical condition and has been placed in a plaster cast.

Here are a few potato figures gleaned from three farmers that live within half a mile of each other in Hyde Park: Albert Whitcomb from 3 1/2 acres raised 1,100 bushels; Josiah Perry, from seven acres raised 1,800 bushels; and George Jewett, from 12 acres, had a crop of 2,600 bushels.

Everett V. Perkins, since last September instructor in mathematics in the Burlington high school, has resigned his position there, to take effect at once, and will become principal of the Woodstock high school at the beginning of the new year. There he succeeds Edmund J. Bugbee. Mr. Perkins' position will be taken by Standage O. Johnson, a graduate of the university of Vermont, who has been principal of the Pittsford high school.

**TROLLEY CAR RAN AWAY.**

Two Women Killed and Others Hurt in Toronto Accident.

Toronto, Ont., Dec. 26.—Two women were killed and twenty other persons were injured, some of them mortally, when a runaway trolley car on King street, crowded with its capacity with going passengers, dashed down a steep grade Sunday night, ran into an open switch and fell over on its side. One of the women killed was Mrs. Alfred E. C. Deacon, wife of an engineer commander in the British navy. When the crash came, the panic-stricken passengers, piled in heaps among the wreckage of broken glass and splintered wood, struggled desperately for egress. Many men climbed out of the uppermost windows above their heads, while women and children made their way to the doors and windows at the end of the car. As the car capsized, some of the passengers were hurled through windows and pinned under the car.

William J. Moore, the motorman, who lost control of the car on the slippery rails, was held by the police, pending filing of responsibility for the accident. He escaped injury.

The circumstances surrounding the death of Mrs. Deacon were particularly sad. Her husband, commander of a British naval training ship, had come with her to Toronto for a Christmas visit, only to witness the death of his mother, a sufferer from cancer, on Saturday. Captain Deacon, doubly bereaved, is expected to be sufficiently recovered from his injuries to attend the double funeral, which now will be held. The identity of the second victim had not been ascertained at last reports.

**SUICIDE AT BELLWAS FALLS.**

Body of Leon J. Thompson Found in Dr. Blodgett's Home.

Bellows Falls, Dec. 26.—Leon J. Thompson, a former foreman of the lumber yard of the Vermont Marble company of Proctor, was found dead in the third story of the residence of Dr. J. H. Blodgett on School street Friday night. Death was produced by self-strangulation. It was by the merest chance that the body was discovered at all, as the act was committed in a part of the house seldom visited.

Mr. Thompson had the grip in October and had suffered from nerve exhaustion since that time. This had induced acute insomnia, and it is supposed that this produced a temporary mental aberration, as he appeared all right the last afternoon of his life, and had helped the family in the work of trimming the Christmas tree.

He had been at Dr. Blodgett's only a short time, but had been visiting other friends in town for some time past, not having been able to work at all since his illness in October. He leaves one sister, Mrs. May Pettengill of Athol, Mass. His funeral was held at the Fairbanks residence Sunday. Rev. John Ward Moore officiating, the interment being at his old home in Grafton.

**WHITLOCK TO RETIRE.**

Toledo's Mayor Will Leave Politics Forever at End of His Term.

Toledo, Ohio, Dec. 26.—Mayor Brand Whitlock announced yesterday that at the end of his two-year term, which begins January 1, 1912, that he will quit politics forever. He also has under advisement the writing of three plays for different theatrical producers. Mayor Whitlock's declaration was brought forth by the persistent rumor that he would be a candidate on the Democratic ticket for Congress in the ninth district next fall to succeed Congressman L. R. Sherwood. Elected on an independent ticket in the fall of 1905, taking office January 1, 1906, Mayor Whitlock, known as the successor to "Golden Rule" Jones, has served the city as city executive ever since and this fall was re-elected to serve his fourth term.

**SWEET FIRE IN BOSTON.**

Millions of Gallons of Molasses Let Loose Sunday.

Boston, Dec. 26.—More than one million gallons of molasses were destroyed in a fire Sunday among the wharves and buildings of the Boston Molasses company in South Boston. The loss on the stock and property of the company, which is said to have been the biggest plant of its kind in the world, is estimated to amount to between \$250,000 and \$300,000.

The firemen were handicapped by the presence of liberated molasses, which, after the collapse of a tank holding 800,000 gallons, flowed over the property in a sticky mass. Their exertions, however, resulted in saving 3,000,000 gallons of molasses in other storage tanks.

## Doubt Proven

Barre Readers Can No Longer Doubt the Evidence.

This Barre citizen testified long ago. Told of quick relief of lasting benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. C. N. Benedict, 8 Eastern Ave., Barre, Vt., says: "Over four years ago I fell and severely injured my back. From that time on I was troubled a great deal by pains across my loins and kidneys. Sleeping or lifting caused great distress and I was annoyed and inconvenienced by lameness and a dull, grinding ache in my kidneys. The kidney secretions were irregular in passage, highly colored and contained sediment. A friend, knowing how I was troubled, advised me to take Doan's Kidney Pills and I did so. This remedy relieved the pains through my back, regulated the passage of the kidney secretions and greatly improved my condition. Since then I have occasionally used Doan's Kidney Pills and have always been benefited by them." (Statement given Sept. 30, 1908.)

A Second Statement.

On May 24, 1911, Mr. Benedict was interviewed and he said: "I am pleased to confirm the statement I gave in 1908. Doan's Kidney Pills have been very beneficial to me and have brought me more benefit than any other remedy I ever used. I have been free from kidney trouble and lame back since. You are welcome to use my endorsement at any time you desire."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**DEATH OF WIDELY KNOWN HACKMAN**

"Miley" M. Perkins of Richford Took Poison by Mistake Instead of a Dose of Salts.

Richford, Dec. 26.—Milan M. Perkins, aged 63 years, died here Sunday morning at 11 o'clock from oxalic acid crystals, taken for epsom salts by mistake two hours before. Mr. Perkins, who was familiarly called "Miley," was the most widely known person in town, having been a hack driver for 40 years, ever since the railroad came to Richford. The thousands of persons who have visited here or have taken a hack from one station to the other in the past 40 years all knew him.

For many years he was employed as a driver for the hotel bus, but for the past five years has been in business for himself. He survived by his wife and a sister, Mrs. William Hubbard of East Richford. Mr. Perkins was in his usual health Sunday morning and took the mail from the C. P. R. R. station to the postoffice, as was his custom every morning.

**MUST LEARN HUMILITY.**

Otherwise, Mr. Roosevelt Says, the Big Man Can't Do Well.

Oyster Bay, N. Y., Dec. 26.—"I don't care how big a man may be, he is tiny in comparison with the mass of men who work with him to bring any real success," said Col. Theodore Roosevelt Sunday night, in speaking before his fellow townsmen at Christmas services in Christ Protestant Episcopal church.

"The big man must learn humility if he is to do his work well," he continued. "If he does not realize how small he is in comparison with other men and women, he will not help the world go on. We must have the right man in the right position, but the work of any leader sinks into insignificance compared with the work of the average citizen."

**USE ALLEN'S FOOT EASE**

The antiseptic powder to be shaken into the shoes. If you want rest and comfort for tired, aching and swollen, sweating feet, use Allen's Foot-Ease.
